

Student Conference

Science or Fiction? -

Imagine the future of
thermal energy storage
technologies and
applications

@Riga Technical University, Latvia
8am-5:30pm

FRIDAY September 29th, 2017

Team of project Innovation Pathways to TES (INPATH-TES) - an EC funded project (HORIZON 2020 European Union Framework Programme for Research and Innovation for 2014-2020) is pleased to invite students to present the field of Thermal Energy Storage to the student conference "Science or Fiction? – Imagine the future of thermal energy storage technologies and applications" to be held in Riga on 29th September 2017.

The aim of the students' conference is to foster a closer relationship between the faculties dealing with TES activities in Europe and the rest of the world.

Publishing

All accepted abstracts will be included in the printed conference abstract book. Full papers will be peer-reviewed, and the accepted papers will be published in IOP Conference Series: Material Science and Engineering indexed by SCOPUS and Web of Science.
